

Serum 2 - Techno Presets

Techno Sound Pack for Serum 2: Presets and MIDI in the style of artists like **Space92**, **Enrico Sangiuliano**, **Jay Lumen**, **Elevn**, **TH;EN**, and many more.

PML Product Number: PML370

Serum 2 in Full Effect

Crafted to unlock the full potential of Serum 2.

About This Pack

Take your sound design to the next level with this mind-bending **Serum 2 preset pack**, inspired by the signature styles of **Space92**, **Enrico Sangiuliano**, **Jay Lumen**, **Elevn**, **TH;EN**, and more.

Inside, you'll find **killer basslines**, **gritty leads**, **evolving atmospheres**, and **distinctive plucks**—all designed to bring character and club-ready power to your productions.

We've crafted every preset to take full advantage of the new tools and creative potential unlocked in Serum 2.

Software Requirements: Serum2 V. 2.0.16 (or higher)

What Are You Getting

- **100+ Serum 2 Presets** – Bass, Leads, Plucks, Arps, Atmos
- **100 Matching MIDI Files** – One for each preset to kickstart your ideas
- **Built-in Clip Playback** – Audition presets with MIDI directly in the browser
- **Pre-Mapped Mod Wheel** – Instant control for expressive performance
- **Easy to use Macros** - Transform the sound and dial in automations with ease

Build for Serum 2

Cutting-edge sounds for modern Techno producers.

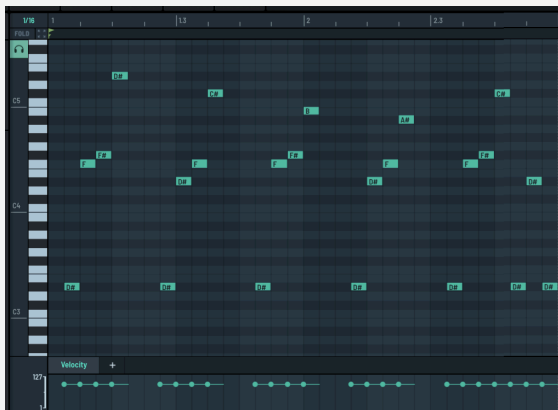

New Oscillator Types & Wavetables

Explore fresh sonic territory with Serum 2's expanded oscillator shapes and wavetables—perfect for creating next-gen techno textures.

Built-In Clip and MIDI Editor

Every preset comes with a matching MIDI clip—audition and tweak it instantly inside Serum's new built-in editor for fast, hands-on inspiration.

Expert FX Chains

Designed with a mix engineer's mindset—these FX chains deliver balanced, high-impact sounds that sit perfectly in your mix, right out of the box.
